

You are cordially invited to attend a Community Forum I am hosting to review the state transportation needs, funding sources and the federal stimulus package on Saturday, January 30th, from 9:00 - 10:30 a.m., in the Cottonwood Room at the Evans Community Complex, 1100 37th Street, Evans.

I will highlight the recent funding history for transportation, roads and bridges, will preview the short and long-term transportation needs, proposed projects, the FASTER funding package that went into effect last July and projects resulting from the federal stimulus package. Representatives from CDOT have been invited to participate.

It is important that you have an opportunity to share your concerns, but it is just as important that you understand the forces that are driving the debate, and the challenge to generate the needed capital.

For additional information, or to offer suggestions for future forums, please contact me at 970-351-6619.
